---

Rita,

The AOC was signed on 10/26/10 and became effective on 10/29/10; we are planning on having the RACS contractor doing the oversight, but thanks for the offer. The field work is scheduled to begin on 11/15/10 - next Monday.

Thanks,

Gary Miller, P.E.

Thanks for the update. Its great that they are starting work. Do you know the date that they signed the AOC? That's used as the "official start date". Will you and or your contractors be checking up on their work or should I task START. Typically I task START to monitor PRP work but I'll defer to you.
